

# YOUR PARTNER FOR COMPREHENSIVE PRIMARY CARE PARETO HEALTH & WELLNESS CENTERS

A strong relationship and effective communication between a patient and provider are the key components of comprehensive primary care. A primary care practice is much more than just a place for a sick visit, an annual physical, or a referral to a specialist. Your primary care provider should serve as the foundation of your healthcare – focusing on health and wellness, disease prevention, health maintenance, counseling, education, as well as the diagnosis and treatment of acute and chronic conditions.

**“My Pareto doctor is the first I’ve ever met who will personally follow up with a patient.”**

At the Pareto Health & Wellness Centers it is our goal to be a comprehensive source of primary care for our members.
